- 25X1A 5. (Internal Use Only - JGO) Received a call from [REDACTED] 25X1A  
[REDACTED] concerning Mr. Lawrence  
Speiser who was identified as being connected with the American  
25X1A Civil Liberties Union. [REDACTED] noted that the request to contact  
Mr. Speiser also stated that Mr. Speiser has been or will be in  
contact with the Department of State concerning his recent travel.  
I advised against contacting Mr. Speiser at this time. Mr. Speiser  
is the Washington Director, ACLU, and was appointed during the  
week to head up the staff of the Juvenile Delinquency Subcommittee  
of Senate Judiciary. He is not known to be favorably disposed toward  
the Agency.
6. (Unclassified - GLC) Hand-carried to Jim Lucier, on the  
staff of Senator Strom Thurmond (R., S.C.), a copy of "Directory of  
Soviet Officials, Volume I: National Organizations" (with cover sheet  
removed) in response to his request to the State Department. I told  
Lucier that while this publication was produced by the Agency we would  
prefer he not attribute it to us in any use of the material in it.
7. (Unclassified - GLC) Left for John Marks, on the staff of  
Senator Clifford P. Case (R., N.J.), a supply of Agency pamphlets  
for use in handling constituent inquiries in response to his request.
- 25X1A 8. (Confidential - GLC) George Murphy, on the staff of the  
Joint Committee on Atomic Energy, called and asked if I would drop by  
some time next week to go over some questions with him which he might  
propose for the Chairman at the Director's briefing of the Joint Committee  
on 24 February. Murphy did mention, however, that he would certainly  
be asking the Director about his opinion on certain matters pertaining  
to the acquisition of computer technology by the Soviets. I have alerted  
both [REDACTED] and Dr. Allen, OER, to the need for backup material  
for the Director on this subject.
